

Parte 1-1

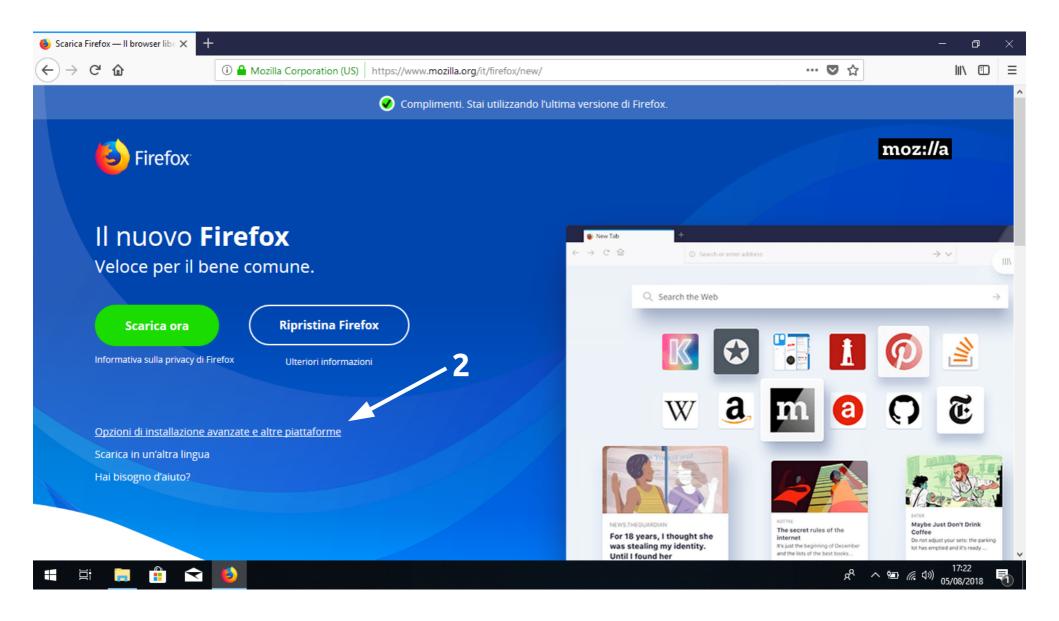

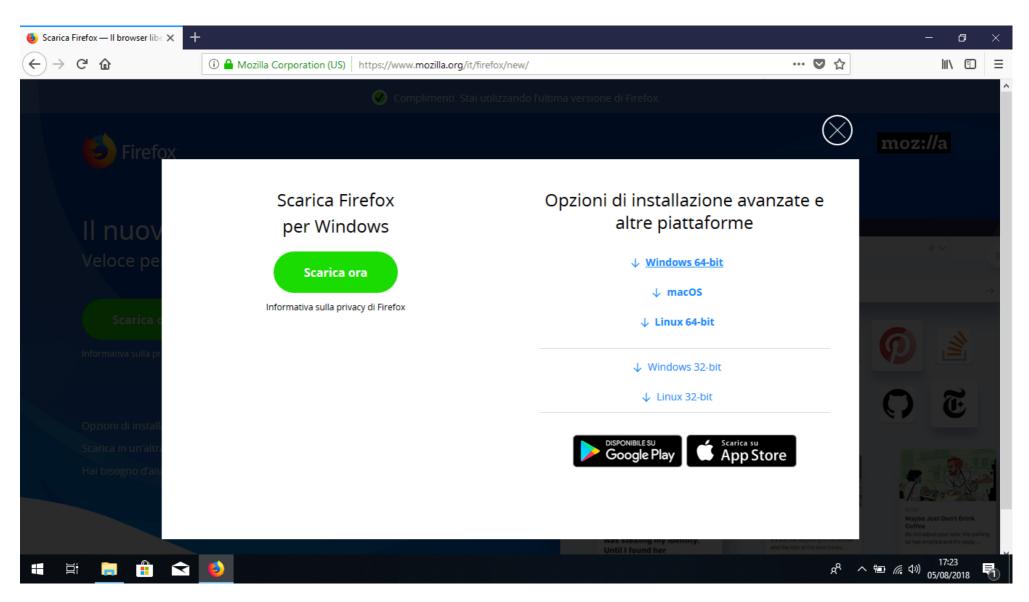

Apriamo il browser che troviamo installato

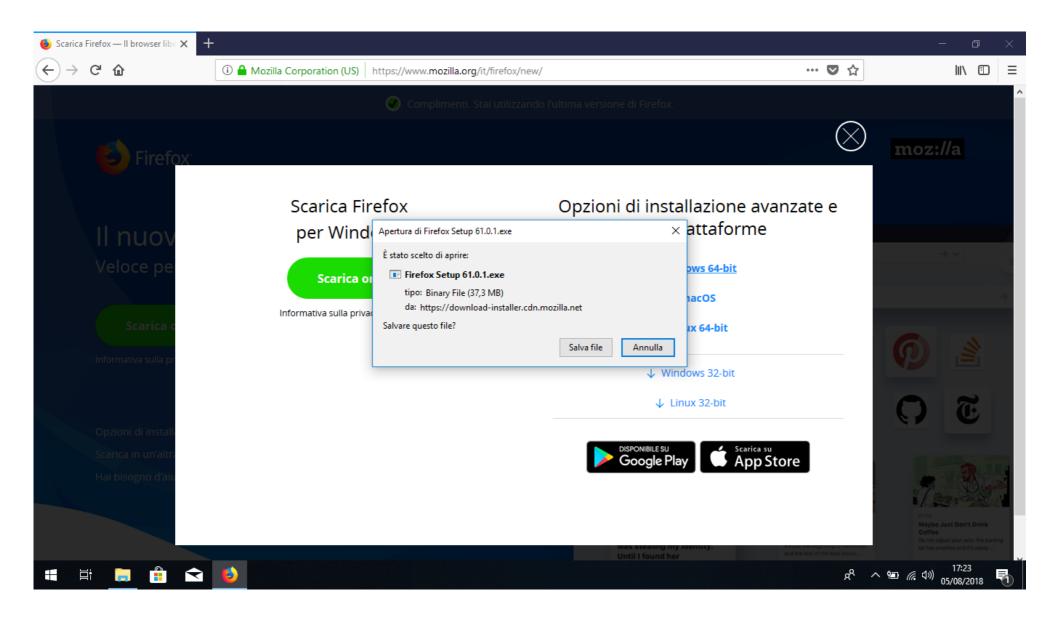

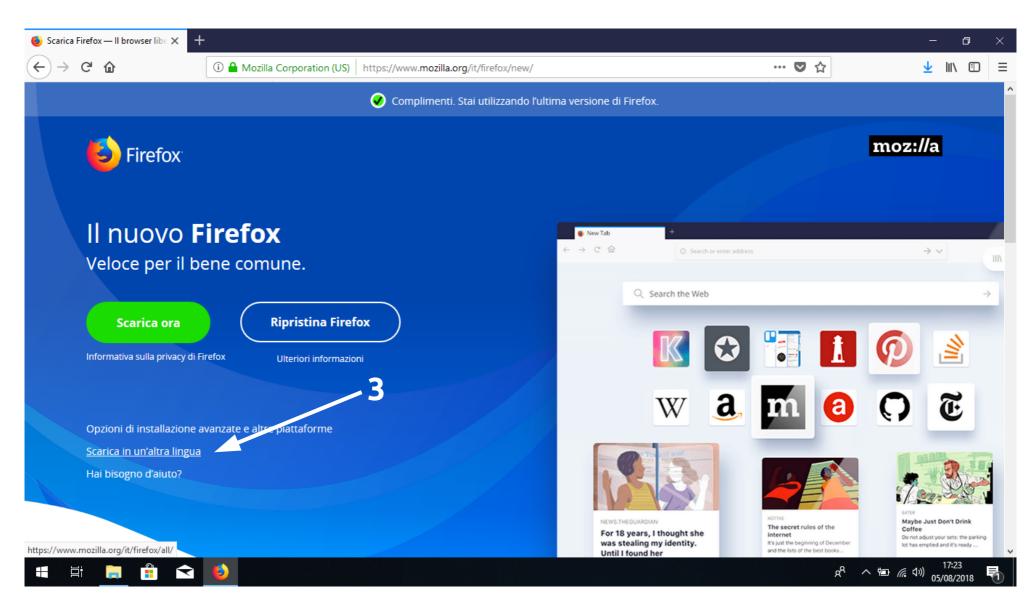

Abbiamo alcune opzioni. Con la prima verrà scaricato nella **Lingua** e per il **Sistema Operativo** identificati in automatico

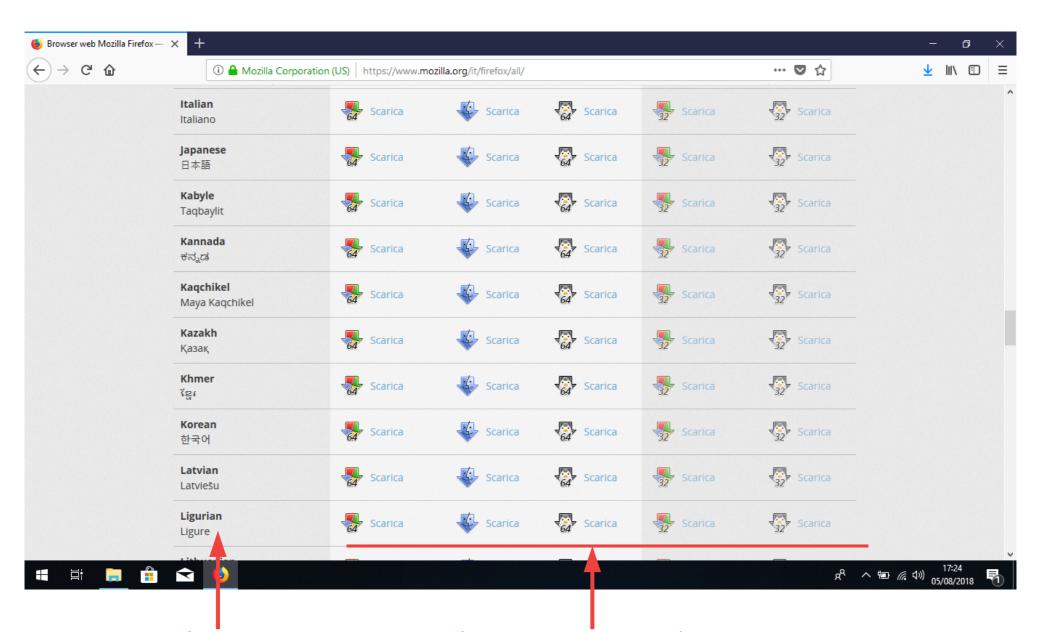

Possiamo scegliere di scaricare il programma per un Sistema Operativo diverso.

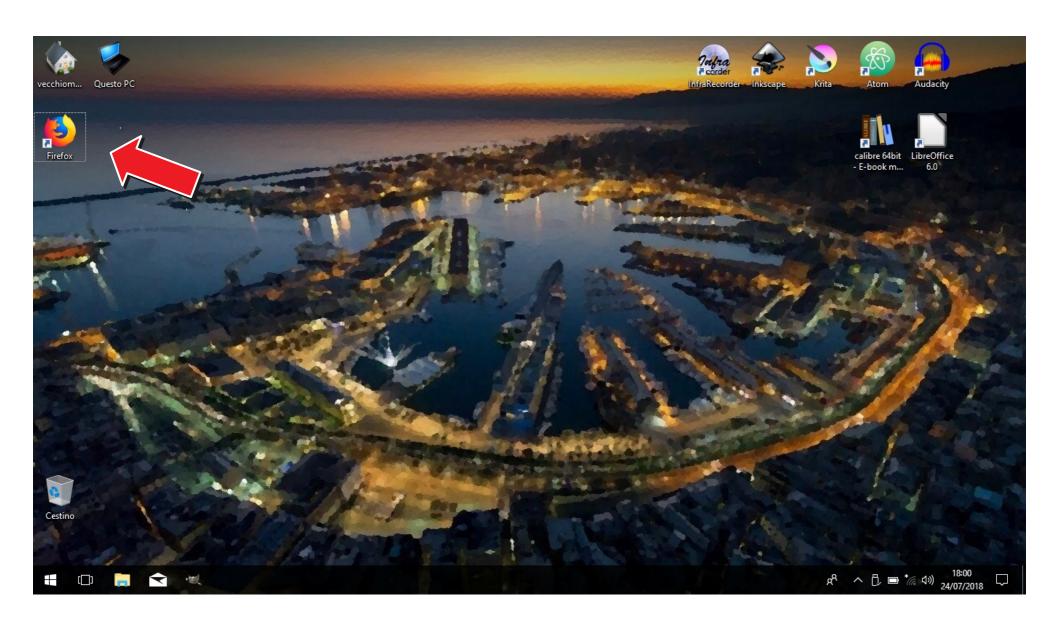

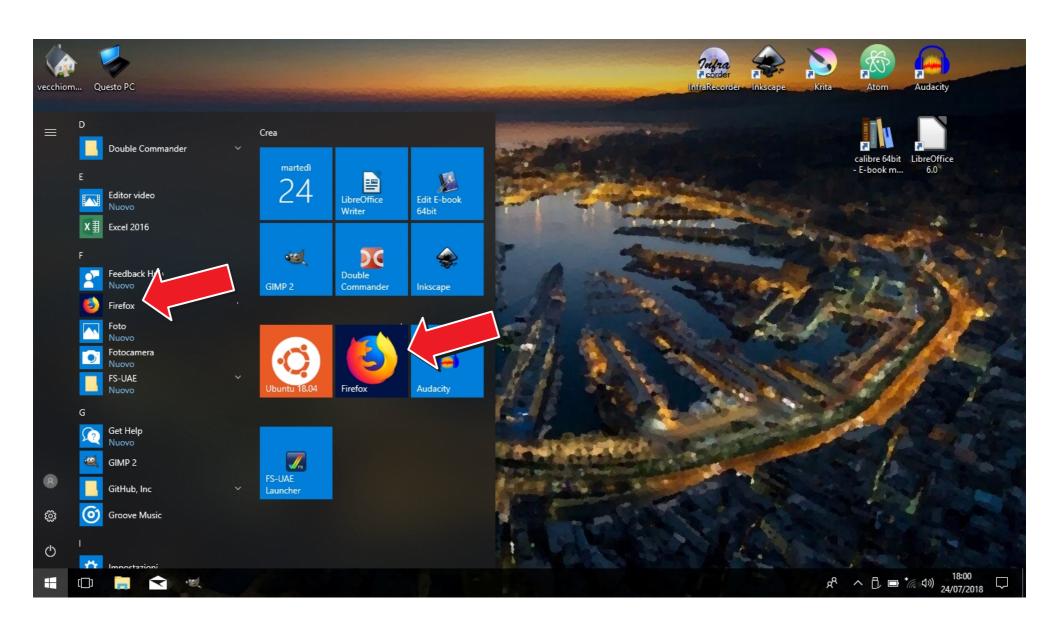

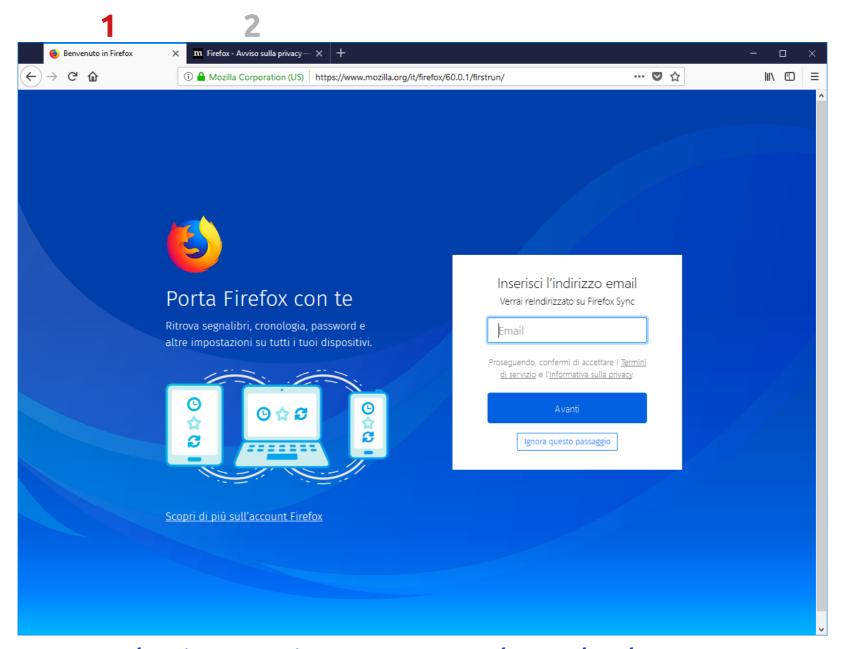

Scegliendo la terza potremo scegliere sia la **Lingua** che il **Sistema Operativo** che preferiamo

Lingua Sistema Operativo

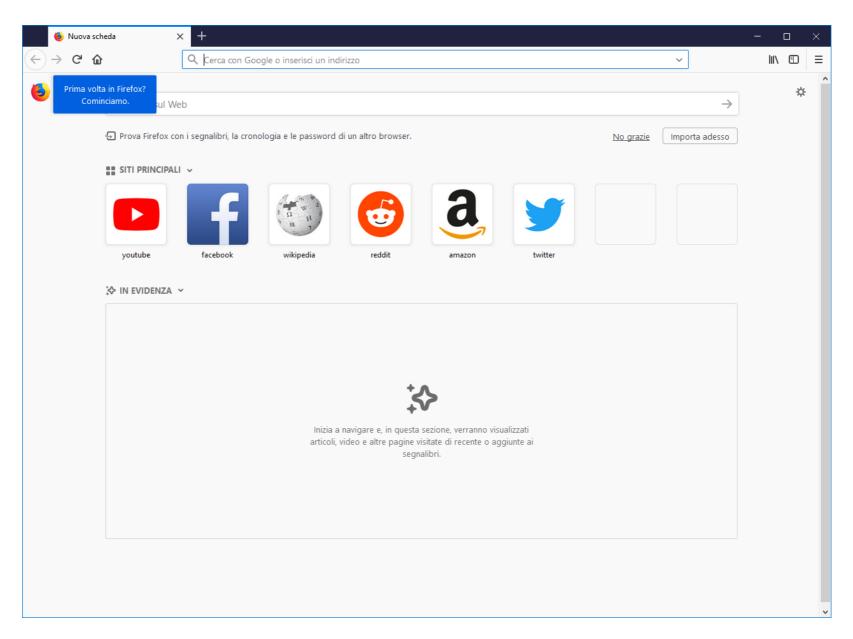

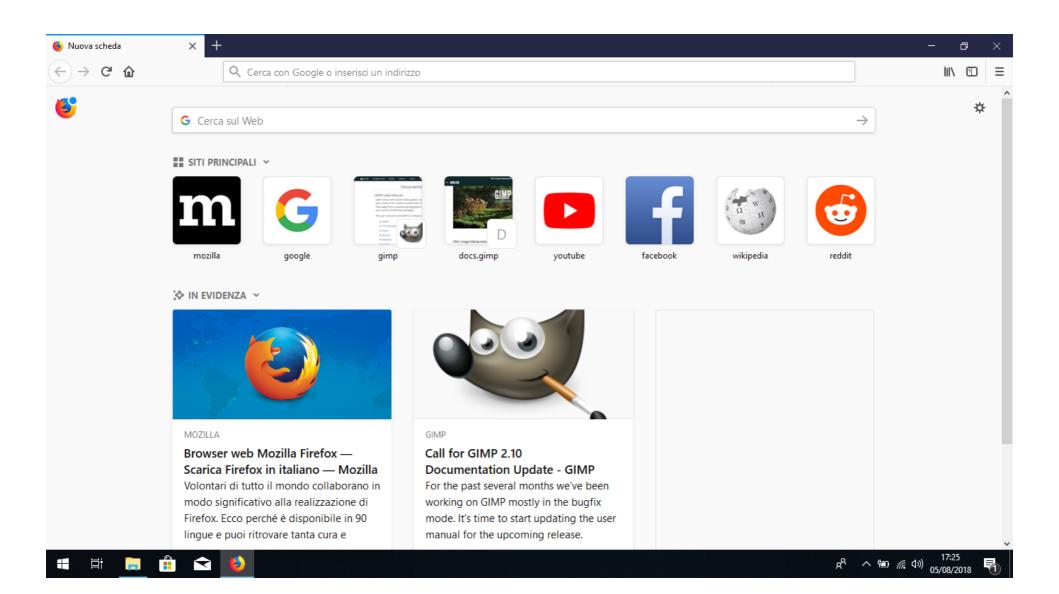

Al primo avvio troveremo due schede aperte La prima la possiamo ignorare

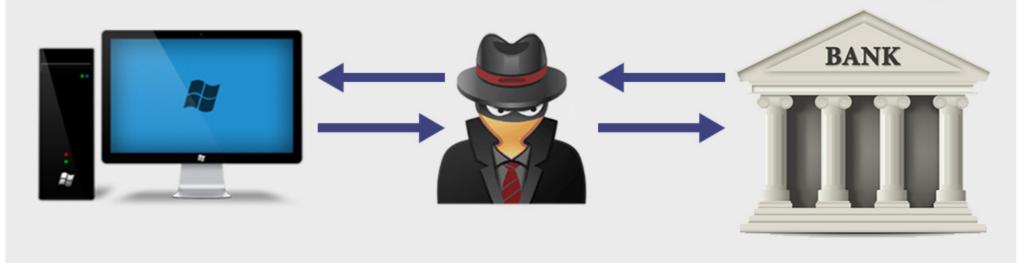

Al primo avvio troveremo due schede aperte La seconda leggiamola

Apriamone una nuova e chiudiamo la prime due
